ANTICIPATED RESULTS OF ECONOMIC ADVISORY

Country TOR Activities Requested (% of Countries)

COLLABORATING FOR A GREEN RECOVERY

PAGE PARTNERSHIP FOR ACTION
ON GREEN ECONOMY

- **Support for Green Recovery in 49 countries**
 - NDC Partnership's Economic Advisory initiative
 - PAGE's Green Recovery Support Mechanisms
- **Collaboration in countries where PAGE and the NDC Partnership are both engaged,** particularly those receiving direct support from both—Burkina Faso, Indonesia, and Peru.
- **Share and synthesize country-level knowledge, learning, and reporting.** Lessons and good practices will be shared globally through analytical reports and communications materials, with a joint publication on green recovery planned for 2021.

SUPPLEMENTED BY THEMATIC EXPERTISE AND COUNTRY LEARNING AND EXCHANGE

Green Recovery Network

Build a network to capture lessons learned and good practices and facilitate learning between country members to provide a space for governments to hear directly from each other.

Thematic Expert Group

Provide sector and thematic expertise for governments to enable more informed and robust decision-making on their green recovery responses to COVID-19.

THEMATIC EXPERT GROUP

MEMBER SUPPORT

Members provide sector and thematic expertise for governments to strengthen green and resilient COVID-19 recovery.

With expertise from:

On behalf of:

With additional support from the NDC Partnership's Technical Assistance Fund:

SUMMARY OF EXPERTISE AREAS OFFERED

Agriculture

Biodiversity

Cities and Urban Development

Climate Modeling

Climate Planning and Reporting

Disaster Risk and Vulnerability

Energy

Fiscal Policy

Forestry

Health and Nutrition

Industry

Jobs and Skills

Labor and Economic Policy

Land Use

Socioeconomics and Social Protection

Subnational Governance

Transport

Water, Sanitation, and Hygiene

HOW IT WILL WORK

Goals

Provide technical research or guidance

Strategies

Focus on specific sectors or themes based on comparative advantages of members

Tactics

Virtual, on demand support

- **Hosted and managed by the NDC Partnership Support Unit**
- **Available at no cost to developing country members of the NDC Partnership.**
- **Requests to be sent by NDC Partnership focal points of member developing countries (or by advisors IF approved by focal point) to econadvisors@ndcpartnership.org**
- **Requests to be matched with participating partners**

EXAMPLE REQUEST

Country A is preparing an action plan on **cities and urban development** as part of its COVID recovery strategy.

- Aim to integrate climate mitigation into the plan and emissions scenarios for the five largest cities.
- Technical details needed to incorporate sustainable mobility, green buildings, and renewable energy
- Government submits a request for an expert to **prepare the GHG mitigation analysis** and **provide advice on green transport and infrastructure**. Estimated at approximately 25 hours, over two months.

RESULTS TO BE DELIVERED

Objective: More informed and robust decision-making by governments on their green recovery responses to COVID-19.

- **Key results:**

- Green recovery plans/packages consider and incorporate detailed **sector/theme-specific data and analysis** on priority areas
- Green recovery plans/packages incorporate **recommendations or advice** provided by the expert group

THEMATIC EXPERT GROUP – GOVERNMENT REQUESTS

THEMATIC EXPERT GROUP – PARTNER RESPONSES
